WHO'S JONNY SHANNON?

SMALL BEGINNINGS.

Jonny Shannon is a health & wellbeing speaker based in Queensland, Australia, and Australia's Youth Speaker of the Year 2025.

He grew up in South Auckland, New Zealand, and found school extremely difficult. Undiagnosed dyslexia and other learning difficulties led to him failing every subject and being badly bullied. After reacting badly one too many times, Jonny was expelled.

It wasn't until his last year of school that a counsellor took him aside to work through what he was really facing. The difference for Jonny was night to day, and it's why he committed to youth work so he could do the same for students like him. After a stint in the Army, Jonny co-founded Pushpay, a company that went on to sell for over \$1 billion.

He then swapped the boardroom for youth work, training as a youth worker and spending seven years at The Parenting Place, interviewing and working alongside more than 43 psychologists and counsellors to distil what they knew into the health presentations he delivers in schools today.

He has delivered over 3,300 presentations to students, from assemblies to Generation Next to 15,000-seat arenas, across more than 400 Australian schools.

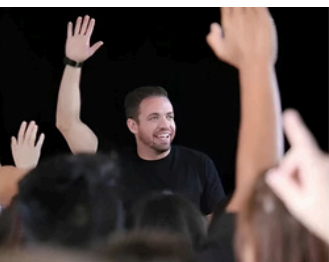

He has students laugh yet take health topics seriously. Jonny's goal is to echo each school's values.

Jonny is married with two young daughters and a third on the way, and lives on the Gold Coast, Queensland, though he travels often.
